LOW IMPACT ENGRAVING/PRINT

Avira respects our environment.

We can start building a better future together using traceable and genuine recycled materials. Let's reduce the impact of disposables on our planet and start choosing low-impact reusable products. Each recycled Avira product donates 2% to Water.org and is delivered into an FSC® certified box which you can repurpose into a phone or plant holder!

WWW.AVIRA-REUSABLES.COM

For each product sold we will donate 2% of proceeds to support Water.org to change lives with safe water.

Made with RCS (Recycled Claim Standard) certified recycled materials. RCS certification ensures a completely certified supply chain of the recycled materials. Certified by Control Union 1162221

Global Recycle Standard (GRS)

The Global Recycled Standard (GRS) is a voluntary product standard for tracking and verifying the content of recycled materials in a final product.

The standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, chemical content and labelling.

Recycled Claim Standard (RCS)

The Recycled Claim Standard (RCS) is used as a chain of custody standard to track recycled raw materials through the supply chain.

Our company is certified by Control Union, CU 1162221

The GRS/RCS logo ensures the materials used in the product are genuinely recycled.
